HUNDREDS SEE DEDICATION OF CORBY STATUE

Impressive Ceremonies Attend Unveiling of Statue of Catholic Priest. Monument in Commemoration of Scene on Battlefield Forty-seven Years Ago. Camp Fire.

The memorial statue of Father William Corby on Hancock avenue was dedicated this afternoon with ceremonies simple but impressive.

Standing on the very rock from which the beloved priest pronounced absolution to both Catholic and Protestant before one of the most critical charges in the entire Civil War, the handsome bronze statue was the point of interest for many hundreds of survivors and friends of the Irish brigade, while in the assemblage were many distinguished Catholic priests and officials.

No parade marked the opening of the dedication, the ringing of the bell from the St. Francis Xavier's church alone announcing the approach of the hour for the unveiling. Walter George Smith, Esq., of Philadelphia, presided at the ceremonies and the principal address was made by Rev. Charles W. Lyons, S. J., President of St. Joseph's College, Philadelphia. The monument was turned over to the National Park Commission by Henry A. N. Daily, president of the Catholic Alumni Sodality, of Philadelphia. Miss Bernadette Daily, his daughter, pulled the cords which loosed the flag veiling the handsome bronze statue.

There was no attempt at ostentation or display, but as the folds of the Stars and Stripes dropped and revealed the figure of the revered father standing in the attitude of pronouncing the absolution the entire audience stood for a moment in silence in token of their regard, esteem and respect for the man whose memory was so fittingly honored today.

AN IMPRESSIVE SCENE

General Mulholland, in this history of the 116th Pennsylvania Volunteers, described the act of Rev. Father Corby as follows:

"Now, (as the Third Corps is being pressed back) help is called for, and Hancock tells Caldwell to have his men ready. 'Fall in!' And the men run to their places. 'Take arms!' And the four brigades of Zook, Cross, Brook and Kelly are ready for the fray. There are yet a few moments to spare before starting and the time is occupied by one of the most impressive religious ceremonies I have ever witnessed. The Irish Brigade which had been commanded formerly by General Thomas Francis Meagher, and whose green flag had been unfurled in every battle in which the Army of the Potomac had been engaged, from the first Bull Run to Appomattox, and was now commanded by Colonel Patrick Kelly, of the Eighty-eighth New York, formed a part of the division.

The brigade stood in columns of regiments, closed in mass. As a large majority of its members were Catholics, the chaplain of the brigade, Rev. William Corby, proposed to give a general absolution to all the men before going into the fight.

"While this is customary in the armies of Catholic countries in Europe, it was perhaps the first time it was ever witnessed on this continent, unless, indeed, the grim old warrior, Ponce de Leon, as he tramped through the everglades of Florida in search of the Fountain of Youth, or the Soto, on his march to the Mississippi, indulged this act of devotion.

"Corby stood on a large rock in front of the brigade. Addressing the men he explained what he was about to do, saying that each one could receive the benefit of the absolution by making a sincere act of contrition and firmly resolving to embrace the first opportunity of confessing his sins, urging them to do their duty, and reminding them of the high and sacred nature of their trust as soldiers and the noble object for which they fought. The brigade was standing at 'order arms.' As he closed his address, every man, Catholic and non-Catholic, fell on his knees with his head bowed down. Then, stretching his right hand toward the brigade Father Corby pronounced the words of absolution."

Father Corby in his "Memoirs of Chaplain Life," says:

"In performing this ceremony I faced the army. My eye covered thousands of officers and men. I noticed that all Catholics and non-Catholics, officers and private soldiers, showed a profound respect, wishing at this fatal crisis to receive every benefit of divine grace that could be imparted through the instrumentality of the Church ministry. Even Major General Hancock removed his hat and, so far as compatible with the situation, bowed in reverential devotion. That general

absolution was intended for all—in quantum possum—not only for our brigade, but for all, North or South, who were susceptible of it and who were about to appear before their Judge."

THE CAMP FIRE

Xavier Hall was crowded on Friday evening for one of the best camp fires which has been held in Gettysburg in recent years. Many of the survivors here for the dedication were present together with a number of prominent Catholic priests. The "Citizens' Band" furnished the music for the evening while a pleasing feature was the singing of "Tenting Tonight on the Old Camp Ground" and "The Star Spangled Banner" by children from the parochial schools.

Rev. Father T. W. Hayes introduced the first speaker, Rev. Father William Elliott, the noted Paulist. Father Elliott fought in the battle of Gettysburg and had a brother killed on this field. He made a very interesting address talking particularly of the courage of the American soldier and of the comfort of the priest to the man in peril. He paid a special tribute to Father Corby.

The other addresses of the evening were made by Rt. Rev. John Cavenhaugh, C. S. C., president of Notre Dame University, who talked particularly of the work the Catholic Church is doing in educational and religious lines. Both speeches received the closest attention of the large audience.

HIGH MASS

The church was filled to capacity this morning at the solemn high mass at half past ten. The sermon was preached by Rt. Rev. Monsignor James P. Turner, D. D., Celebrant. Rev. T. W. Hayes, Rector. Rev. John Cavenhaugh, C. S. C., President of Notre Dame University, Deacon and Rev. William S. Singleton, S. J., Subdeacon, Rev. Mark Stock, Master of ceremonies. Dinner was served between the close of the mass and time for going to the scene of the dedication.

FATHER CORBY'S LIFE

The Very Rev. William Corby was born in 1833. In 1861 he left Notre Dame University with which he was connected at the time and volunteered as chaplain in the Northern army. He was at once assigned to the Eighty-eighth New York regiment of the Irish Brigade then at Camp California, near Alexandria, Virginia. For the next three years Father Corby remained with the brigade and was one of the eight priests who ministered in both temporal and spiritual things to the men while on the field or in the hospital. During that time he was a source of consolation to hundreds of sick and wounded soldiers and a comfort to those who were well. He was at Fair Oaks, the Battle of the Wilderness, in the Peninsula campaign, at Fredericksburg, Gettysburg and Petersburg. The men to whom Father Corby ministered tell with great feeling of the ministrations of the priest. He held the rank of captain of cavalry while acting as chaplain. After the war he served as president of Notre Dame University and was largely instrumental in the rebuilding of the university after the fire of 1878. He was elected provincial general of the Order of the Holy Cross in the United States, later being chosen first assistant general for the order in all parts of the world. At the time of his death in 1897 he was commander of the only Grand Army post composed entirely of members of a religious order.

The Phi Delta Theta and Sigma Chi fraternities held dances in their lodges on the college campus Friday evening.

Mrs. B. K. Focht, daughters, and son, of Lewisburg, are visiting at the home of Dr. and Mrs. Bikle.

PRESERVING PARTRIDGES

H. D. Sheppard, of Hanover, sowed about an acre of ground in buckwheat last summer on his farm in Union township, this county, near Gitt's mill, which has been left standing for food for several coveys of partridges in that vicinity. Near the buckwheat patch is a thicket which gives protection to the birds. To make the conditions better for the birds, hunting on the premises is not permitted.

HALLOWE'EN TO BE ORDERLY

Burgess Holtzworth Issues Request for no Flour Throwing. Personal Property Must be Protected. Offenders to be Arrested.

No flour throwing or malicious mischief will be tolerated in Gettysburg on Halloween according to orders which have been issued by Burgess Holtzworth. Harmless amusements will be allowed but such parties as running away with vehicles, carrying away gates and fences and otherwise molesting property will be quickly stopped by the police who will have instructions to make prompt arrests. The following has been issued by the Burgess:

"Monday evening being the time when the annual observance of Halloween is to take place the following orders are issued for the comfort and protection of the citizens of the town: There shall be no flour throwing on the streets. Persons have suffered considerable loss in the past through clothes being ruined in this way.

"The molestation of personal property will not be allowed and the police have instructions to arrest at once any one seen carrying away or otherwise removing vehicles, door steps, gates, fences, or anything of that nature. Harmless fun will not be interfered with."

Last year Burgess Holtzworth issued a proclamation forbidding the throwing of flour and it had a wholesome effect. Clothes had been ruined in other years by the senseless practice and it was not safe for any one to venture on the streets with good clothing.

The season will be observed in Gettysburg in the usual manner. A number of social events have been planned and there will be no end to parties, and other forms of entertainment. The county, too, will have its customary fun and Monday night promises some lively times for the young people.

ASSAULT, BATTERY AND LARCENY

Mrs. E. Lunge, of McSherrystown, who was arrested by Constable Charles Groft, on a warrant issued by Justice Lilly, entered bail for hearing on charge of assault and battery preferred by Lena Shanefelter, Amos Spidle, of Union township, and Mathias Mummert, of Conewago township, are at odds over a transaction of corn and fodder. Spidle charges Mummert with the larceny of a lot of corn fodder, and Mummert brings a counter charge against Spidle for the larceny of thirty bushels of corn. Both were arrested by Constable Groft on warrants issued by Squire Lilly, and each gave bail for a hearing.

The charge of obtaining money under false pretense brought by A. Stambaugh, of Conewago township, against Ruel Small, of the same township, was withdrawn, an amicable settlement having been effected.

HANOVER WIT

Charles Grimes, of Brunshtown, drove to Hanover in a buggy one day this week, hitching his horse in an alley. While Mr. Grimes transacted some business three young men took the four wheels from the buggy, and reversed them, placing the hind wheels on the front axles, and the front wheels on the hind axles. When returning to the vehicle to go home he did not discover the joke until he drove some distance.

M'SHERRYSTOWN BUILDINGS BURN

Hotel Columbus Barn and Other Nearby Structures Burned to the Ground in Fire on Friday. Partly Insured.

McSherrystown, October 29.—On Friday fire broke out in the barn of Hotel Columbus and totally destroyed the building together with the chicken and pigeon houses and other outbuildings owned by F. V. Topper adjoining. Immediately after the discovery of the fire an alarm was sent to the fire engine house which soon emptied the cigar factories, the volunteers responding promptly. Their work prevented the spread of the flames to the surrounding buildings.

The origin of the fire is unknown, and when first discovered the building was a mass of flames.

The barn is insured in the Glen Falls, N. Y., Fire Insurance Company for \$500, while Mr. Topper carried no insurance.

Smith, district superintendent, gave the bride away. Miss Funt has been a deaconess of the Simpson church for almost five years, and has been most efficient in all departments of Christian work and the betterment of the community generally. She was trained for her deaconess work at the Rust Hall, Washington, D. C.

UNCLE DAVE HOLCOMB

"Life is just one darn thing after another," says Uncle Dave's portrayed by William Lawrence in his latest rural success, "Uncle Dave Holcomb." The quotation is well implied for throughout the four acts of the play Uncle Dave finds several volumes of the world to fill enough volumes of good English. His experience with an actress, the elopement of his daughter with a city chap, the loss of his savings, his experience with a phonograph, his fight for the temperance cause which culminates in victory and the grand rally interspersed with bonfire, and the sweet cider and doughnuts reception concludes Uncle Dave that there is much doing in this old world all the time. Mr. Lawrence and his splendid company exactly as produced in the principal cities will appear at Walter's Theatre on Monday, October 31.

Y. M. C. A. OF WORLD MEET
Triennial Convention in Session at Toronto.
1000 BODIES REPRESENTED
Delegates Are Present From All Parts of the World—Sessions End Monday Night.
Toronto, Ont., Oct. 29.—Representatives from all parts of the world met in Massey hall at the triennial session of the International Y. M. C. A. of North America, which will continue until Monday night.
In 1876, when the conference met for the first time on Canadian soil, 198 associations were represented by 548 delegates. According to the report presented, 1000 associations are represented by 2000 delegates. In Canada and the United States alone the Y. M. C. A. has 500,000 members and owns property valued at \$60,000,000.
Since the last conference met in Toronto, thirty-five years ago, great changes have taken place and new problems confront the Y. M. C. A. movement.
The movement owes a debt to Rev. C. A. Barbour, D. D., Baptist, formerly of Rochester, for the compilation of a new hymn book which is used for the first time at this conference.
Flags Are Intertwined.
The delegates from the different states and provinces were identified by signs in the form of a cross, the horizontal piece bearing the printed name of the state or province.
High above the stage hung a draped combination of the Union Jack and the Stars and Stripes, with a large maple leaf inserted in the center, an emblem of the federated associations, "Spirit, Mind and Body."
F. S. Goodman, of New York, who had charge of the meeting which was named on the program as "Quiet Hour," announced the speakers of the occasion, first introducing Archdeacon Cody of Toronto, who delivered an address on "Peace, Joy and Hope."
He emphasized the fact that while the associations were doing a great work it could be increased in effectiveness if the members always wore a shining face. "Can anything," he inquired, "be more effective or greater in power to attract young men than the expression of peace, joy and hope on the faces of those who profess Christianity? The church today is not giving evidence of that peace which passeth all understanding."
China Secretary Talks.
Archdeacon Cody was followed by P. S. Brockman, of Shanghai, national secretary of the Y. M. C. A. Associations of China. He gave an address on "Faith."
At the afternoon session of the industrial and immigration department J. B. Caruthers, state secretary of Pennsylvania, outlined the work done among the foreigners employed in various sections of the state. L. W. Messer, of Chicago, told of the erection of a \$300,000 building in the heart of the foreign settlement in that city, extending full club privileges. Two others are to be erected. Experiments are now being conducted in meeting the moral and mental needs of the foreign residents and in this connection an experimental station is soon to be operated for the steel workers.
C. L. Fay, of the Pennsylvania state association, which works among 200,000 non-English speaking men employed in the coal mines, said that the greatest obstacle was a prejudice against the association. Miners and mine owners had got over this and were now welcoming Y. M. C. A. workers.
"While I do not endorse all that trades unions stand for, I contend that they are doing much towards uplifting the industrial world," said Dr. G. W. Tupper, of Boston.
SCREAMS SCARED WOLF
Little Girl Shrieks at Brother's Plight and Beast Flee.
Marshfield, Wis., Oct. 29.—The wild screams of the five-year-old daughter of Herman Bildren, who lives two miles from this city, saved the life of the farmer's two-year-old son, who was being carried away by a huge timber wolf.
The wolf entered the farm yard where the children were playing, and, seizing the boy, started for the woods. The girl ran after her brother, screaming, until the wolf was so frightened that it dropped the boy practically unhurt.
Chester and Hazleton Grow.
Washington, Oct. 29.—Population statistics enumerated in the thirteenth census were announced for the following cities:
Chester, Pa., 38,537, an increase of 4549, or 13.4 per cent over 33,988 in 1900.
Hazleton, Pa., 25,452, an increase of 11,222, or 78.9 per cent over 14,230 in 1900.
Another Air Record Broken.
Etampes, France, Oct. 29.—Maurice Tabuteau broke the world's aviation record for time and distance by flying 289 miles in six hours in a continuous trip.

THREATENED JUDGE'S LIFE
Wilkes-Barre Jurist Got Letter of Menace in Foster Will Case.
Wilkes-Barre, Pa., Oct. 29.—Judge Garman, of the Luzerne county court, has just made it known that in June last he received an anonymous letter from Allentown threatening his life if he did not do something in the Foster will case.
The will of Foster, who was a wealthy attorney, was removed from the safe in his law office on the night he died. On Monday the lost will was received by a local bank, which was named as executor of the will.
Garman, before his election to the bench, was employed as counsel by the widow of the dead lawyer. Judge Garman consulted with Judge Lynch, and the latter advised that the matter be kept quiet and developments awaited.
It is now believed that the will was stolen by certain parties, who expected to get a big reward for its return. Detectives will now be put on the case, and it is expected that arrests will follow.

BLOW FOR CHICAGO GRAFTERS
New Trial Refused Police Inspector, Convicted of Taking Bribes.
Springfield, Ill., Oct. 29.—The supreme court affirmed the judgment of the criminal court of Cook county in the appeal for a new trial of former Police Inspector Edward McCann, of Chicago.
McCann was convicted of accepting bribes for "protection" from gamblers and denizens of the underworld in the Desplaines street district. Specifically he was found guilty of accepting a bribe of \$375 from the Frank brothers, owners of several illegal houses.
Large sums are said to have been collected by McCann, but it is believed that men "higher up" received much of the alleged spoils. He was sentenced to serve from one to five years.

PORTUGAL SEPARATES CHURCH AND STATE
Puts an End to Religious and Civil Union.
Lisbon, Portugal, Oct. 29.—The separation of the church and the state was announced in a decree issued by the provisional government.
Another decree published declares for the freedom of the press.
The government declined the invitation to attend a memorial mass for the victims of the revolution.
This was done on the ground that it desired to remain neutral in questions of religion. The press generally favors the formation of a system of government, with a president and cabinet, similar to that in the United States, in preference to the system of parliamentary government generally in vogue on the continent of Europe.
Among the measures being prepared by the minister of justice is now a divorce law, based, it is said, upon the principle of separation by mutual consent.

THREAT OF BOMB FOR KAISER
Menacing Letter Caused Brussels Police to Take Precautions.
Brussels, Belgium, Oct. 29.—The extraordinary precautions taken to protect Emperor William and Empress Augusta Victoria when they left the city for Berlin were explained when the police announced that a letter threatening his majesty had been received at the royal palace.
The communication was signed by a militant Brussels anarchist, and read: "Since no one has had the courage to blow up the German autocrat, I have decided to throw a bomb."
Efforts of the authorities to arrest the writer were fruitless, and accordingly unusual steps were taken to guard against any untoward incident. All of the windows of the houses overlooking the streets through which the royal party passed from the palace to the railway station were ordered to be closed temporarily and the station itself was packed with troops. The railway line for a considerable distance out of the city was guarded.
Killed on Way Home to Bride.
St. Louis, Mo., Oct. 29.—Harry Dittmar, hastening home from a theater to his bride of a few weeks, was knocked down and killed by an automobile in which August A. Busch, the wealthy brewer, was a passenger.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer \$100,000 Dollars for any case that it fails to cure. Send for list of testimonials. Sold by Druggists, 75c.

JOHNSTONE MADE NEW HIGH MARK

Reached Altitude of 8471 Feet in "Backward" Flight.

THREE TO DEFEND CUP

Brookins, Drexel and Hamilton to Represent United States in Speed Contest For International Trophy.

New York, Oct. 29.—Ralph Johnstone and Arch Hoxsey, the rival Wright flyers, bounced up in their biplanes at the international aviation meet at Belmont park into a wind storm so violent that it blew them backwards for many miles across the interior of Long Island at a height of more than a mile, and flew back home to the Wright hangers.

Johnstone came home with the official American altitude record. He brought back the record in the form of a barograph, still officially sealed, which upon being tested showed that Johnstone had taken his own American altitude record of 7393 feet away from himself and had set a new official American altitude record of 8471 feet. This is within 715 feet of the world's record of 9183 feet, which Henri Wynmaiden climbed to at Mournelon on Oct. 1 of this year.

Johnstone came back to the meet on the 4.02 p. m. aeroplane line from Middle Island. Hoxsey beat Johnstone back to the field, arriving at 12.07, after a continuous trip of an hour and seven minutes. Hoxsey had just time enough when he got back to grab some luncheon before it was time to begin the flights of the program. He jumped into his machine again for the honor of opening the meet and shot up to an altitude of 6705 feet directly above the grand stand. He thus won the altitude prize of the day.

The Official Records.

The officials made public the records for the altitude climbing of Johnstone and Hoxsey on Thursday and also gave some figures which will show in a general way the standing of the aviators in this meet. For Thursday the figures in the first hourly altitude in which the two Wright drivers were blown away were as follows: Johnstone, 8471 feet; second place, Hoxsey, 6903 feet. The special altitude event on Thursday was won by Brookins with a flight of 742 feet in the strong wind.

The results of Friday were these: First hourly distance—Won by Latham, 4 laps, time 14 minutes and 25-100 of a second; second place, Audemars, 1 lap, time 2 minutes 24-50-100 seconds; third place, De Lesseps, 1 lap, time 2 minutes 35-35-100 seconds.

First hourly altitude—Won by Hoxsey, 6705 feet; second place, Parmelee, 615 feet.

Second hourly distance—Won by Latham, 12 laps, time 40 minutes and 34-100 seconds.

Second hourly altitude—Won by Parmelee, 3636 feet; second, Drexel, 2240 feet.

The disbursements of prize money were as follows: Johnstone, \$250 (for Thursday); Hoxsey, \$100 (for Thursday) and \$850; Brookins, \$250 (for Thursday); Parmelee, \$600; Latham, \$600; Drexel, \$100; Audemars, \$100; De Lesseps, \$50.

The selection by the Aero club of an American team of three—Hamilton, Drexel and Brookins—to defend the Gordon Bennett international speed trophy, won at Rheims last year by Glenn H. Curtiss, was received in the hangars by the American aviators with varying shades of opinion. Curtiss, himself, was disappointed and reticent.

Wilkes-Barre, Pa., Oct. 29.—William Weathers, a special officer of the Lehigh Valley Coal company, was shot and killed near the Fernwood colliery by an Italian mine worker.

He was looking for men who had been tampering with switches along the Lehigh Valley railroad when he came upon two Italians and was trying to arrest them, when one shot and killed him.

The men fled and are still at large.

Bride Becomes Insane.

Monticello, N. Y., Oct. 29.—Married, violently insane and taken to the asylum was the chain of events in one day in the life of Miss Minnie Jemp, of Monticello. Miss Jemp and Amos Curry were married at the Methodist parsonage on Thursday. At the conclusion of the ceremony the bride declared that they hadn't been married, that the ceremony had been performed by a physician instead of a clergyman and that she wouldn't live with any man until she was lawfully wedded to him. She then became violently insane and was taken to the Middletown insane asylum.

GUNS TO DESTROY AIR CRAFT

Germans Have Artillery That Will Send Shells 12,000 Feet High.

London, Oct. 29.—The Daily Mail says a fleet of forty monoplanes has been ordered to be completely finished by early spring for the German war office.

At the same time six aerial guns have been ordered from Krupp's, each mounted on a sixty-horse power motor car. These guns shoot a sort of bursting shrapnel to any height up to 12,000 feet, and the detonating force is sufficient to wreck or capsize any aerial machine yet constructed if the charge explodes within 100 feet of it. The shells leave a trail of black smoke, showing the track they have taken, so that it is not difficult to correct the range immediately.

The guns can fire twenty-four eight-pound shells per minute.

MORSE MAY GET CONDITIONAL PARDON

Friends Believe the President Will Free Him.

Washington, Oct. 29.—Friends of Charles W. Morse believe they have found a way for President Taft to let the convicted New York banker out of the Atlanta penitentiary, without actually pardoning him.

In effect it would be to parole Morse, but that end would be accomplished by issuing a "conditional pardon." The banker's friends allege precedent in their favor and point out that President Cleveland pardoned a federal prisoner conditionally, with the proviso that he report to the United States district attorney every year for five years.

At the department of justice it was said there is nothing to prevent the president from issuing a "conditional pardon," and that in such an event the federal board of parole would be charged with the responsibility of looking after Morse.

Any proposition to parole Morse under the terms of the law passed at the last session of congress, as has been suggested, is out of the question, say the attorneys. The law says a federal prisoner may be paroled after having served one-third of his sentence. Morse was sentenced to fifteen years and would not be eligible for parole under that statute, therefore, until January, 1915.

AMBASSADOR STRAUS QUILTS

Is Tired of Diplomatic Service and Desires to Live Here.

Washington, Oct. 29.—Oscar S. Straus, of New York, ambassador to Turkey, has informally submitted his resignation to President Taft.

They desire better wages, some legislation and to improve their condition, and they say that the moral and financial support of the federation will aid them to accomplish what they desire.

Prison Burned, Convicts Escape.

Milledgeville, Ga., Oct. 29.—There was a panic among the male prisoners in the main building of the state prison when a lamp exploded and started a blaze that destroyed the structure. All the prisoners were taken out safely, but seven felony convicts escaped.

Kills Family and Shoots Self.

St. Clairsville, O., Oct. 29.—Blairious Nachoulter, aged twenty-five years, killed his wife, aged twenty-one, and his baby, aged two years, and then shot himself.

Train leaves Fairfield 6.45 a. m., Gettysburg 7.15 a. m., returning train leaves Hillen Station at 11.30 p. m. There will be a large aviation meet in Baltimore on this date.

PINCHOT ON NEW NATIONALISM

Tells Detroit Business Men People Stand For Progress.

SAYS TAFT "BROKE FAITH"

Says He Finds Sentiment of People Is For Roosevelt Doctrine and Outlines Progressive Platform.

Detroit, Mich., Oct. 29.—Gifford Pinchot declared his belief before the Detroit Chamber of Commerce that the people of the United States endorsed the principles of the "new nationalism" promulgated by Colonel Theodore Roosevelt in his speech at Ossawatimie, Kan.

The former chief forester, ousted from office by President Taft, went further than did Colonel Roosevelt. He asserted his belief that the people held the opinion that the president and congress "broke faith with the people" when they enacted the Payne-Aldrich tariff law. The one-time member of the Roosevelt "tennis cabinet" also went farther than did his former chief by declaring flatly for the right to recall public officers.

In closing his address Mr. Pinchot announced that his own political creed contained some things he did not believe the voters were ready to accept. In this category he placed the principle of the initiative and referendum, the "short ballot" and the commission form of government in cities.

Mr. Pinchot's address follows: "Since early in June I have been traveling almost continuously, and have had a fair chance to come in contact with and estimate public sentiment in all the great divisions of our country.

"If we could hear the voice of all the people upon some current issues, it would, I think, declare itself in substance as follows:

"I believe the people should directly nominate, elect, control and recall their own legislative representatives.

"I believe in publicity of campaign contributions and expenses both before and after election, and in strictly limiting by law the amount that may be spent and the manner of spending it.

"I believe that it should be unlawful for any lawmaker or other public servant to be employed by or to receive compensation from any interstate or public service corporation, or for any public servant appointed and not elected to office to be an officer in any political party or organization, or to attend any political convention.

"I believe it should be unlawful for any lobbyist or other representative of any interest to advocate or oppose any measure to any legislator or legislative committee without first publicly registering his name, the nature of his compensation and the name of his employer.

"I believe that the most pressing patriotic duty of today is to revive popular government by driving the special interests out of politics, and that complete publicity of all the affairs of every interstate and public service corporation is necessary to that end.

"I believe that corporations have certain rights that should be respected, but they have no political rights, powers or duties, and they should have no representatives in congress, in the cabinet, or on the bench.

"I believe that the special interests, through their control of politics and business, and principally by means of the tariff, are mainly responsible for the exorbitant cost of living.

Assails Taft on Tariff.

"I believe that the Payne-Aldrich tariff was made by the servants of special privilege for the benefit and according to the orders of their masters, and that when congress and the president enacted and approved it, over the just protest of the progressives, they broke faith with the people.

"I believe that the credit for good laws recently passed in congress belongs to the progressives of both parties, who amended bad bills in the public interest, rather than to the administration, which drafted and advocated the bad bills.

"I believe that the old party ties are slipping off; that the progressives in both parties are the true representatives of their parties and of the people; and that the public welfare has become a stronger motive with the people than partisan success.

"I believe that the people have lost confidence in congress, because congress as a whole no longer represents the people who elect it, but the special interests who control it.

"I believe that Cannon and Aldrich, and all they represent, are passing rapidly away, and that a better time is coming, when the people will control.

"I believe the people must protect themselves against the special interests in state and nation alike; that they can best protect themselves by the power of the nation against corporations operating across state lines; and that the great special interests must not be permitted to take refuge from all control by speciously raising the issue of states rights.

"The foregoing statement is not my own confession of belief. I concur in it, but it does not cover all the ground of my political creed. For example, I believe in the principle of the initiative and referendum, but in my judgment the people of the United States have not yet reached a conclusion upon that point."

PROFIT BY OTHERS' EXPERIENCE

Gray Hair Restored
My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur hair remedy. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. It is now a nice dark brown color, soft, glossy and pliable. Several of my friends want to use it, and I want to know what you will charge me for six bottles of it. MISS E. A. ROSS, Sharon, Mercer Co., Pa.

Grew Hair on a Bald Head
For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement. STEPHEN BACON, Rochester, N. Y.

Adams County Benefits by Lafean's Achievements

No man ever elected to Congress has been more solicitous for the welfare and interest of his constituents than has Representative D. F. Lafean, and no local community has profited more as a result of such service in Washington than has the Twentieth district composed of York and Adams counties. From the time the voters of this district first honored him as their representative, Mr. Lafean has never lost an opportunity to perform some act which he knew would prove helpful and extend aid to the people of this community.

His influence and work were felt when he was enabled to secure from Congress a handsome sum of money for the building of good roads in Cumberland township, Adams county, without any burden whatever upon the taxpayers of the district. There were one or two feeble efforts made looking to securing government aid for the betterment of these roads, but it was not until Mr. Lafean was chosen as the Representative of this district at Washington that anything tangible resulted. He started to work immediately, and did not let up until he had the money turned over to the County from Uncle Sam, and those residing in Cumberland township are now enjoying the fruits of Mr. Lafean's labors in their behalf.

His successful effort in having a complete rural mail delivery system established in the district was another one of the many things secured through his energy and work. He believed

the farmers were entitled to this service and he did not rest until the United States government agreed with him. That it has proven of inestimable value to those residing in the rural communities goes without saying and the patrons along the routes have been loud in sounding their praises of Mr. Lafean, whose achievements for the people he represents have already been remarkable, surpassed by no man in Congress.

As a result of years of labor and perseverance and the exertion to the powerful influence he wields in Congress, Mr. Lafean has secured appropriations amounting to \$600,000 for the erection of public buildings at York, Hanover and Gettysburg, and work has already begun on the first named building.

The site for the Gettysburg building has been selected and work will be commenced on the building early next spring. It will be ready for occupancy in time for the celebration of the fiftieth anniversary of the battle of Gettysburg to be held in July, 1913.

HOW OLD PEOPLE May Prolong Their Lives

At an advanced age waste is more rapid than repair. The organs act more slowly and less effectually than in youth. The circulation is poor—the blood thin and watery—the appetite poor and digestion weak.

We want to say to every aged person in this vicinity that Vinol, our delicious cod liver and iron tonic (without oil) will prolong life. It creates an appetite, aids digestion and makes good blood. In this natural manner Vinol retards waste and replaces weakness with strength, giving new life to the worn system.

If the people in this vicinity only realized how Vinol invigorates old people we would not be able to supply the demand.

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. People's drug store, C. Wm. Beales, proprietor.
